After joining the session you will be prompted to set up microphone and audio. You can also join the session by phone.

How would you like to join the audio?

Microphone

Listen only

[Join using your phone →](#)

If you choose to use the microphone you will be asked to complete an echo test to ensure your microphone settings are correct.

This is a private echo test. Speak a few words. Did you hear audio?

Yes

No

Once you have joined the session you have the ability to mute and unmute your microphone; to leave or join the session audio; and to turn a webcam off or on.

Moderators have the ability to record sessions for later use.

Moderators also have the ability to share their screens.

Tutorials on using BigBlueButton [as a student](#) and [as a moderator](#) are available online.
